This versatile tilt luminaire can be used anywhere in Passive Homes. The adjustable tilt function allows for precise light direction. Utilise the 40° beam angle over task oriented areas such as kitchen benches and study desks, and the 60° beam angle for general illumination throughout living, dining and open plan areas. With Pure Colour CRI technology, these luminaires offer superior colour rendering, ensuring accurate skin tones and enhancing the richness of timber flooring. Available in sunset dimming, for lighting that gradually softens to create a warm, inviting ambiance that mimics the natural transition from day to night.

- Fully sealed design - no heat loss, no air flow
- Zero clearance to building elements
- Insulation coverable luminaire & driver
- High colour rendering with 90+ CRI
- Minimum hole depth 50mm
- Cutout 83-92mm
- 7 yr warranty on luminaire
- 5yr warranty on driver
